Dear all,

The JMPR report was posted this morning
on <http://www.who.int/foodsafety/en/> precisely 2 weeks after the end of the
meeting. A great thanks to all of you and a special thanks to our Editor and
to FAO colleagues who went through the official publication process so
efficiently.

I would like to mention again that this publication does not release you
from the obligation for confidentiality regarding the discussions during the
meeting. On this point as well as for any question related to the WHO
procedures, please continue re-directing the journalists to WHO.

Best regards,

Philippe
